

Church of Scotland – Priority Area Parishes List November 2007

The *Church of Scotland Priority Area Parishes List* comprises of the most economically deprived parishes in Scotland. The original list (2004) was compiled using data from the 2001 National Census (through the *Board of National Mission's Statistics for Mission Project*) and was based on an analysis of that data, using the 2003 *Scottish Indicators of Multiple Deprivation (SIMD)*. The list was revised in November 2007 to take account of the 2006 SIMD. The analysis, on both occasions, was carried out on behalf of the *Priority Areas Committee* by the *Scottish Centre for Research on Social Justice (SCRSJ)*.
